HOW TO SEARCH FOR A BROADCASTER AGREEMENT FORM (BAF)

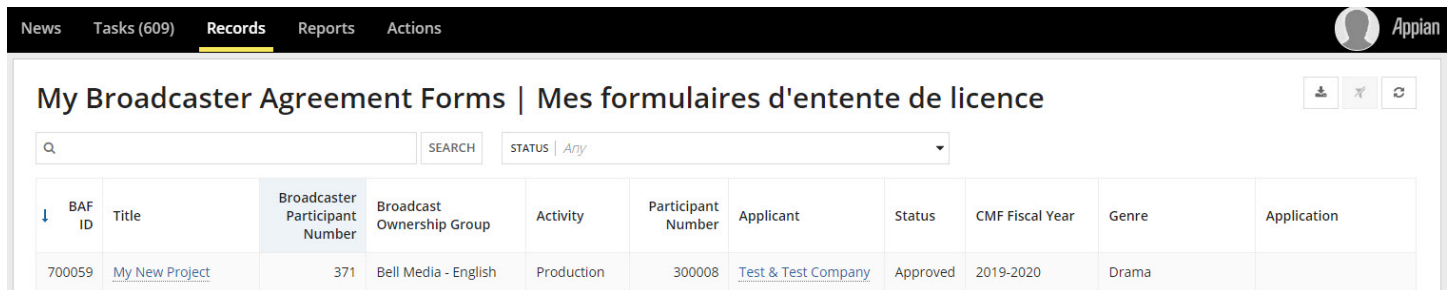

Until a BAF is *submitted* by the Applicant, the incomplete BAF may be retrieved in the Tasks list.

Under Records in Dialogue, you can search for a submitted BAF and view the status of your Organization's various BAF(s).

See [My Broadcaster Agreement Forms | Mes formulaires d'entente de licence](#)

Once in the Record screen you can search for a specific BAF ID by Number or Title using the Search field or filter your BAFs by status.

Status Descriptions:

Status	Description
<i>In Progress</i>	The BAF has been submitted to a Broadcaster for approval but is not approved yet.
<i>Approved</i>	The BAF has been approved by the Broadcaster and can be linked and used to submit a CMF funding Application form.
<i>Rejected</i>	The Broadcaster has rejected the BAF. The process has ended and a new BAF needs to be created and submitted if required.
<i>Modifications Pending</i>	This BAF is being modified either by the Applicant or the Broadcaster
<i>Linked</i>	This BAF has been linked to a CMF funding Application form, allowing the Application form to be submitted.

IMPORTANT

- Once a BAF has been linked to an Application form, the Project's application number and title will be displayed in the *Application* column.
- If a BAF's status remains Approved and not Linked, this indicates the BAF # was not yet entered in a CMF funding Application form.

WHEN A BROADCASTER AGREEMENT FORM (BAF) IS APPROVED BY THE BROADCASTER

When a Broadcaster approves your BAF you, the Applicant, will receive a notification task. Upon receipt of a notification you will be able to use the BAF ID # in a CMF funding Application form.

LINKING A BROADCASTER AGREEMENT FORM (BAF) TO A CONVERGENT FUNDING APPLICATION FORM

A new section has been added to the CMF's Convergent funding Application forms. You are now required to use this section to link one or more BAF(s) to your Application.

Only approved BAFs can be linked in order to submit a CMF funding Application Form. A BAF that has been submitted to a Broadcaster but not yet approved will not appear in the funding Application form's dropdown list in the **Broadcaster Agreement Forms** section.

Broadcaster Agreement Forms

Upon selecting an approved BAF # applicable to the Project, the amount of the Broadcaster's eligible Licence fee (or Development fee) and the amount of the Broadcaster's **CMF Performance Envelope Program** (or **Development Envelope Program**) allocation, as applicable, will automatically appear in the following sections:

Total					200,000.00	

IMPORTANT

- Data that is entered automatically from the BAF to the funding Application Form are read-only.
- If changes are required in the amounts of these sections, the applicable BAF will need to be modified by the Broadcaster (see [How to Revise a Broadcaster Agreement Form](#) below).
- You can still add lines *manually* **+Add** to the **CMF Financing Program(s)** and **Financial Structure** sections for other sources however new restrictions have been implemented to maintain the consistency of information and maintain the integrity due to the link between the funding Application and the BAF(s).
- Broadcasters' Eligible Licence fees (or Development fees) and Broadcasters' CMF Performance Envelope Program (or Development Envelope Program) allocations are no longer entered *manually*. These amounts are directly pulled from the approved BAF(s) linked to the Application form under the **Broadcaster Agreement Form** section.
- However, for CMF Convergent Production applications, the BAF amounts entered for **Other contributions provided by Broadcaster(s)** such as Advance, Investment, Other Rights, Services, Additional Licence fees, will continue to be entered *manually* by the Applicant in the **Financial Structure**.
- If you need to submit a CMF funding Application Form with an unconfirmed eligible Licence fee, which will be contributing toward the CMF's Eligible Licence Fee Threshold once it is confirmed with an approved Broadcaster Agreement Form (BAF), please enter the name of the Canadian Broadcaster under **Source** and select *Licence Pending* as the **Type** in the **Financial Structure**.
- If you remove a selected BAF by clicking the red "X" at the end of a line, all related information will be removed from the CMF funding Application form.

HOW TO REVISE A BROADCASTER AGREEMENT FORM (BAF)

As an Applicant, two situations may arise when you will be required to revise a BAF.

1. The Broadcaster may return the BAF to you to make adjustments to the data previously entered. A section with comments from the Broadcaster will be displayed and you can complete the revisions accordingly. After making the revisions and submitting the BAF, a Dialogue Task will be sent to the Broadcaster for approval of the BAF.
2. The CMF PA Analyst may return the BAF for revisions to you, the Applicant, when adjustments to the data are required. A section with comments from the CMF PA Analyst will be displayed and you can complete the revisions accordingly. After making the revisions, a Dialogue Task will be sent to the Broadcaster for approval of the BAF.

In either case you, the Applicant, will receive a **Revise Broadcaster Agreement Form** task:

IMPORTANT

- Once a BAF has been linked to a CMF funding Application Form, only the CMF PA Analyst can trigger the BAF revision process.

HOW TO APPROVE A BROADCASTER AGREEMENT FORM (BAF)

As a **Broadcaster** type Organization in Dialogue, you will be required to approve Broadcaster Agreement Forms that are submitted by Applicants (production companies) to your Broadcast Group.

A Dialogue task will be assigned to your Organization for each BAF in queue to be approved:

Once in the **Approve Broadcaster Agreement Form** task, you will need to Accept it to take ownership of the task, by clicking *Accept* on the top right of the screen:

You can review the BAF, modify the data entered if necessary, and decide on the action to take:

Decision

Is the Broadcaster Agreement Form approved and ready to be included in a CMF CONV funding application?

Yes: The BAF is ready to be approved and will be available to the Applicant once you submit this task.

No: The BAF needs to be sent back to the Applicant for modifications. A comment box will appear for you, the Broadcaster, to enter instructions for the Applicant to make revisions to the data entered. These instructions will persist when the Applicant submits the corrected BAF for your approval.

Rejected: You are rejecting the BAF thus ending the process and making it unusable. Use this option only for a BAF that is related to a project that is cancelled/withdrawn or if an Applicant has mistakenly sent a BAF to the wrong Broadcaster.

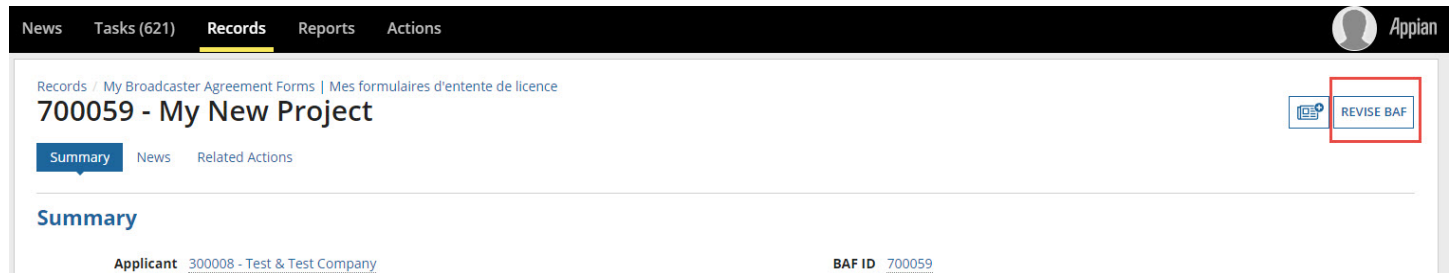

Reassign: You would like to reassign the BAF approval task to another member of your Organization. For details see Reassign Task section below.

HOW TO REVISE A BROADCASTER AGREEMENT FORM (BAF)

Once a BAF has been approved but has not yet been linked to a CMF funding Application form, the Broadcaster can still modify it or send it back to the Applicant revisions. To do this, click the [Revise BAF](#) button.

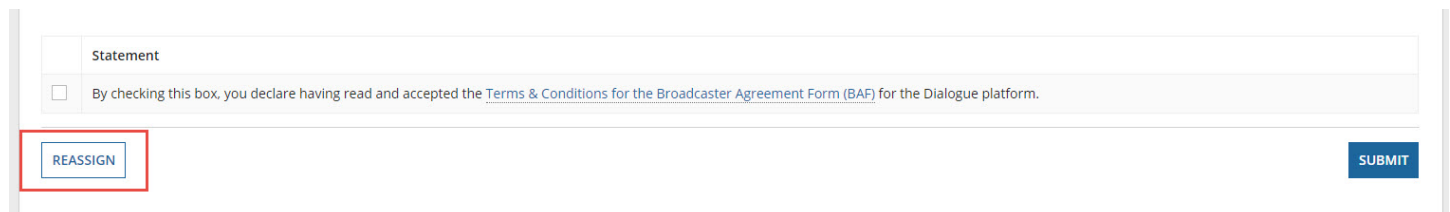

The screenshot shows the Appian user interface. At the top, there is a navigation bar with tabs: News, Tasks (621), Records (highlighted), Reports, and Actions. On the right of the navigation bar is a user profile icon and the name 'Appian'. Below the navigation bar, the breadcrumb trail reads 'Records / My Broadcaster Agreement Forms | Mes formulaires d'entente de licence'. The main heading is '700059 - My New Project'. To the right of this heading is a button labeled 'REVISION BAF' which is highlighted with a red rectangular box. Below the heading are three tabs: Summary (selected), News, and Related Actions. The 'Summary' section displays 'Applicant: 300008 - Test & Test Company' and 'BAF ID: 700059'.

IMPORTANT

If the [Revise BAF](#) button is not available, it means that this BAF has already been linked to a CMF funding Application form. If you need to modify it, please ask the Applicant to contact their CMF PA Analyst.

HOW TO REASSIGN A TASK TO ANOTHER MEMBER OF YOUR ORGANIZATION

If you need to reassign to another Member of your Organization a task that you have already accepted, you can use the [Reassign](#) button at the bottom left of your **Approve Broadcaster Agreement Form** screen.

The screenshot shows the 'Approve Broadcaster Agreement Form' screen. It features a 'Statement' section with a checkbox and the text: 'By checking this box, you declare having read and accepted the [Terms & Conditions for the Broadcaster Agreement Form \(BAF\)](#) for the Dialogue platform.' At the bottom left, there is a button labeled 'REASSIGN' which is highlighted with a red rectangular box. At the bottom right, there is a button labeled 'SUBMIT'.

This will send the **Approve Broadcaster Agreement Form** task back to the list of Tasks that are available to all members within your Dialogue Organization.

IMPORTANT

If you do not see a particular Task, contact your Organization's Dialogue Administrator to validate that you have the appropriate permissions and that you are associated to the correct Organization(s) within your corporate group.
