ABOUT MIA

MIA is the first Italian market converging all the segments of the audiovisual industry (Cinema | TV | Doc). With over 1500 professionals from 58 countries participating to each edition, MIA is a valuable platform for the top players of the national and international film industry such as producers and distributors of high-end contents: a hub where theatrical deals and transnational TV series start, and a place where to establish and reinforce business relationships between global market leaders.

MIA was created and produced by ANICA (National Association of Cinema and Audiovisual Industries) and APT (Association of Television Producers), and is supported by the Ministry for Economic Development, ICE (Italian Trade Agency for the global promotion and internationalization of Italian companies), the Ministry for the Cultural Heritage and Activities and Tourism, MEDIA program and EURIMAGES.

ABOUT THE CO-PRODUCTION MARKET & PITCHING FORUM

The MIA Co-production Market & Pitching Forum 2018 takes place during MIA from October 17 to 21, 2018 and is articulated in:

- 1) dedicated Pitching sessions designed to find the right financial partners through co-production deals or presale agreements.
- 2) Pre-scheduled meetings with industry professionals set for the Co-Production Market Sessions participants, according to every interest and upon request.

The projects for each specific session are chosen by selected Key Industry Professionals with the goal to find the next big content in Cinema, Drama Series and Doc&Factual. Projects' selection will be announced by early September 2018. During MIA, the selected projects are presented by their Producers to an audience of potential financial partners, including broadcasters, producers, distributors, private and public funds, in the specific Pitching sessions and one-to-one pre-scheduled meetings with industry professionals, according to each section's specific needs and format.
